**DR. WILFREDA BONGALOS**
Schools Division Superintendent
Division of Bohol
Province of Bohol

Dear Dr. Bongalos,

Greetings!

Save the Children (SC), the world's leading, independent organization for children, has been providing assistance to the Province of Bohol since October 2013 as part of its emergency response to population affected by the earthquake. We dispatched non-food items (household, hygiene, and water kits), temporary learning and child friendly spaces (TLS/CFS), children's back to school and teachers' kits, and soccer balls during the acute phase of the emergency and in early recovery response. Likewise, SC has been extending support to the areas of education and child protection. Currently, we are implementing a 30-month School-based Disaster Risk Reduction Project to the province, particularly in the Municipalities of Loon and Maribojoc, covering 25 public schools and 26 barangays.

**On November 12-14, 2015, we will be conducting a 3-day lived-in Training on Comprehensive School Safety at Bohol Plaza, Dauis, Bohol.** Generally, the objective of the intensive training is to equip teachers, DRRM focal persons, planning officers and school heads, with skills and knowledge in identifying risks, making hazard maps, reducing risks in schools and planning for education continuity in the event of a disaster. This training targets all stakeholders involved in maintaining a school safe from risks and disasters. This will all be done using a child-centered approach.

In line with this, we would like to invite key personnel from DepEd Bohol. Attached is a lists of target participants for your reference.

Here's hoping for your affirmative response. Should you have clarification, can call me at your most convenient time during business hours at (038) 422-8295 or 09153850206.

Very truly yours,

Jen Paul B Relacion
Program Coordinator
