BOTH JUNIOR AND SENIOR HIGH SCHOOL**

**TO: Public Schools District Supervisors  
Principals and School Heads**

1. This is in connection with the Duterte's Administration of the "Build Build Build Program" the Department of Education constructed different types of school buildings to ensure our pupils and students to have a conducive place for learning.
2. The said new school buildings are intended for classroom use only. Not as district office, principal's office, faculty room, library and other uses not related to classroom instruction. The main purpose of this project is to accommodate students/pupils staying in an old classrooms, makeshift buildings school stage, tents and other substandard structures.
3. Always remember that as of this date our agency has no allocation for the construction of offices in our schools. Our school heads may use the old classrooms that were vacated by the students/pupils who transferred to the new classrooms or look for other fundings to construct an office.
4. Personnel of the Physical Facilities Unit must conduct inspection of the correct usage of the said classrooms. Any irregularities should be reported to the office of the Division Engineer c/o Engr. Domingo Lamoste Jr..
5. Immediate dissemination and strict compliance of this memorandum is directed.
