On the DOH proposal to use classrooms as Isolation Rooms

'The Department of Education is cooperating as fully as possible with the decisions of IATF and the Cabinet concerning the COVID-19. The Cabinet last night agreed that specific hospitals and specific health facilities will be identified to deal specifically with COVID19 patients.

The matter of utilization of classrooms has been discussed earlier several times in the IATF. The agreement was that any decisions concerning schools should be made in consultation with the Department of Education and in cooperation with DepEd officials on the ground in under specific conditions.'

- Secretary Leonor Magtolis Briones
