**SCHOOL CLINICS AND WASH FACILITIES**

In view of R.A. No. 11469, declaring a state of national emergency arising from the Covid-19 pandemic and in accordance with the DepEd Covid-19 Response Plan, DepEd Engineers—in coordination with the Health Officer and WinS Coordinator of the Division, are hereby directed to ensure the following:

2. that all schools have sufficient and functional water source and group handwashing facilities for students and school personnel.

In line with this, the DepEd Engineers shall validate all schools to determine requirements for the construction and/or repair of School Clinics. Construction may be programmed if the school has no excess classroom that can be converted/repared to a School Clinic and if the school has sufficient buildable space, In the case of WASH facilities, the engineers must a) validate possible water source of schools without existing water system and recommend appropriate type of water system, and b) validate required group handwashing facilities needed to ensure that standard ratio/parameter is implemented.

The following standard design provided by the Education Facilities Division (EFD) shall be the reference of the engineers in the validation and the finalization of the Program of Works.
