DIVISION MEMORANDUM

No. **218** s. 2020

**LEARNING FACILITY FOR THE LEARNING MODALITIES**

TO: Assistant Schools Division Superintendents  
Chiefs, CID/SGOD  
Education Program Supervisors  
Public Schools District Supervisors/Acting PSDSs  
District LR Coordinators

1. COVID-19 pandemic greatly affects our educational system. This has brought a major crisis in the learning delivery of curriculum instruction to our learners. The crisis crystalizes the dilemma that the department is facing as the school year opens. Learning continuity with appropriate learning modalities in the delivery of curriculum instruction is a major challenge this school year.
2. In view of this, DepEd Bohol ensures that kindergarten and grade 1 learners who need oral instruction in the development of concept must be properly facilitated without sacrificing one's safety and security against this pandemic. Thus, pre-recorded lessons with specific instruction from the teacher would substantially supplement the mastery of the expected learning competencies and perform the given task as the young learners listen or watch these resources.
3. As part of the preparation for the opening of classes, teachers are directed to make recorded lessons in kindergarten and Grade 1 with clear instruction on the activities to be accomplished at home. Schools District Supervisors are advised to closely supervise in the development of these pre-recorded lessons in Kindergarten and Grade 1 and conduct quality assurance. These pre-recorded lessons could be stored in a flash drive or shared to a different communication platform for easy access and must be ready for distribution to the learners during the opening of classes.
4. Schools heads are advised to purchase **Flash Drives** and **portable transistor radio with USB port or SD Card** for kindergarten and grade 1 learners who do not have other gadgets such as Smart TV, computer, laptops or Tablets at home to facilitate in the utilization of these pre-recorded lessons.

5. It is hereby enjoined that school heads shall allocate budget from the school MOOE or other local funds or look for possible donor for the procurement of Flash Drives and portable transistor radio with USB port or SD Card before the opening of classes. This is to maximized the learning experience of the learners while staying at home and in compliance to the President and our Secretary pronouncement, blended learning (minus face to face).
6. Immediate dissemination and compliance of this Memorandum is enjoined.

  
BIANITO A. DAGATAN, EdD, CESO V  
Schools Division Superintendent
