Dear **Dr. Jimenez:**

Greetings!

Last October 20, 2020, we sent a letter to your good office asking permission to allow us to conduct focus group discussions (FGD) using the virtual platform to the principals and teachers of Senior High School in relation to the research project entitled: "*The Region 7 and Negros Island Region K to 12 Implementation Experience: A Proposed Learning Management System*" that was granted to The University of Cebu-Main Campus under the Discovery- Applied Research and Extension for Trans/Inter-Disciplinary Opportunities (DARE TO) Grant-in-Aid by the Commission on Higher Education last November 29, 2016 (Attached is the Notice to Proceed).

However, based on the progress on the implementation of the study, the proponents agreed that there is a need to include the students in the focus group discussion or interview since they are the main stakeholders of the K to 12 Enhanced Basic Education Program. Also, in the reply from your office dated October 27, 2020, it only mentioned on the teachers is the research respondents. In this connection, we further asked further permission that we will include the principals and students in the study through virtual platform. Rest assured, that the proceedings of the FGD will consider the ethical principles in the conduct of research. Attached herewith is Certificate of Approval from the UC-Research Ethics Committee.

We are hoping for your affirmative response to this request. Thank you so much and may God will bless you.

Respectfully yours,
