1. The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries - developed and developing - in a global partnership. SDG 5 on Gender Equality needs to be taken into considerations in the total development among young learners.
2. In this time of pandemic, online and virtual activities were conducted to ensure that learning, enhancing, and developing of knowledge, skills, attitudes, and values are still made available. Department of Education, ensures that learning takes place amidst this world pandemic.
3. A virtual capability-building activity will be conducted on August 10-11, 2021, and September 21-22, 2021, in partnership with the Girl Scouts of the Philippines, Disaster Risk Reduction Management, and Cleaning and Greening Program of the agency. This endeavor aimed to:
 - a) provide activities for the spiritual, mental, physical, social an emotional development among learners;
 - b) give emphasis on the learners' leadership, perseverance, and sense of responsibility toward herself and the community;
 - c) ignite interest among learners to undertake cleanliness and beautification projects;
 - d) encourage Girls to exemplify the Scouting Promise and Law by becoming pro-active in community development; and
 - e) prepare learners to respond and assist community members in times of emergencies and disasters.
