Good morning!

We are the UP Physics Association, an academic organization based in the National Institute of Physics, University of the Philippines Diliman.

We requested last 12 October 2021 from your good office for assistance to promote our online Physics quiz bee contest entitled **PISIKAAalaman 2022** among senior high schools across the region. As stated from our formal letter of request and contest primer, the event is supposed to be held on **12 February 2022**.

However, the past weeks have been challenging for the country, especially the sudden rise of the COVID-19 cases and suspension of classes nationwide. To cope with the current situation, **the organizing team of PISIKAAalaman decided to move the online quiz bee to a later date, 26 February 2022 (Saturday)**, to give way for adjustments. Because of this, **registration is also extended until 12 February 2022**. The mechanics and guidelines of the online competition remain the same.

Thank you very much and we hope for your positive response at your earliest convenience.

In the spirit of uplifting science,
