3/17/2022

Dear **Dr. Dagatan**:

Warm greetings!

The Province of Bohol is still in high hopes of being inscribed as a Global Geopark after UNESCO decided to defer our application for a maximum of two years to work on improving some of our functions and services. One of the recommendations of UNESCO is to develop educational activities and promote these activities under the geopark brand. Hence, it is necessary for our aspiring geopark to work with educational institutions in order to effectively popularize and communicate geoscientific knowledge and promote our rich geological, biological, and cultural heritage to the local people.

In this regard, the Bohol Island Geopark Technical Working Group Secretariat humbly requests a meeting with you and other key officials of DEPED Bohol on **March 23, 2022**, at **9:00 am** in your office to present the Geopark project and to discuss the following agenda items:

- Formulation of geopark educational materials and programs for elementary and secondary schools;
- Geopark as a potential special program of DepEd Bohol or as a special topic in General Science, Earth Science and/or Social Science subjects;
- Identification of pilot geopark schools and creation of geopark clubs or organizations; and
- Other matters that may arise during the discussion

This meeting and our potential collaborations in the future will truly signify our strong continued commitment to providing quality geoscience education—both formal and informal—for the Boholanos, while aiming for the UNESCO designation.

Should you have any queries, kindly contact **Mr. Karl Michael B. Din**, geologist of Bohol Island Geopark Project, at his phone number **09273447591**.

Thank you very much!

Sincerely yours,

J. M. B. G. G. G.
JOVENCIA B. GANUB, EnP
Head, Bohol Island Geopark Secretariat
Head, BPEMO
