ALL OTHERS CONCERNED:**

1. The monthly monitoring in the implementation of Araling Panlipunan and Mathematics curriculum reveals that there is varied analysis on Araling Panlipunan and Mathematics Quarterly Result Assessment (QRA) among teachers and school heads. In addition, the analysis only focuses on the data presented from the QRA result. It also did not go further to the reason of achieving it and the possible recommendations that would address the gaps.
2. To have a clear direction on the QRA analysis, a one-day conference of the Araling Panlipunan and Mathematics Technical Working Group (TWG) will be conducted on May 23, 2022, at SDO Bohol Conference Hall. This activity aims to formulate guidelines in the analysis of QRA.
3. Participants to this conference are the following:
