Graduation Message 2022
Dr. Bianito A. Dagatan

It is my joy to congratulate all our completers and graduates who shared their success and happiness to their parents, teachers, loved ones and guardians.

Being part of the big DepEd-Bohol family, I am proud of what you have achieved and reached today. Your certificates and diplomas are real hard-earned testaments of zeal and determination. And as a father, I am one with your parents and guardians in great thanksgiving for this day of jubilation. You deserved to be recognized with our words of appreciation and admiration.

Years have passed and not just the ordinary years. You struggled and you survived. You claimed victory in all the challenges and unfamiliar landscape of learning. You mastered the meaning of new normal not by words but by day to day experience. And that is how and who are you today... a winner and a champion.

My dear graduates and completers, you have been in an era of change and new ways. You are honed by expectations that are in the context of present realities. You are molded with your encounter of uncertainties and struggles. You rise up and have shown to the world how you made it, in all of those unfriendly moments. Like the olden warriors, you ended the game with great victory.

Yes, your triumph is real! Remember how covid-19 affects you, in yourself as a person and a student! Not only that, Odette came in, in the middle of your senior year with devastating effect on your abodes bringing frustrations to your dreams and vision. But our resilience is stronger than Odette when we say, "Odette ka lang, K to 12 learners kaming matatag at sa hamon ng buhay ay laging matapang."

This year's graduation theme "K to 12 Graduates: Pursuing Dreams and Fostering Resilience in the Face of Adversity." is a reminder for us to continue to excel, to strive, to be bold and brave even the road ahead is not smooth. And this line of words is a call for us to march on, leading for others to see, to judge and act, with an eye of a victor!

And now, as you venture into another journey, take time to harness and take advantage to all you have gained in your learning voyage. You are much better today, because the burdens of yesterday add strength and power for you to face the adversities in the future. Forward always forward, onward always up...as what Lea Salonga tells us in her song.

Be the pride of your community, be the joy of your family, be the fulfillment of DepEd's vision and mission. We will be smiling with a sense of fulfillment, deep in our hearts, because you made it and will continue to make it in the pursuit of better YOU and better world...I am happy for you...and continue to wish the best in you, because in DepEd Bohol, we care for all....BEHOLD BOHOL!
