2. The link will be closed on September 12, 2022.

  - b. Fill out all the required information.
  - c. Then click the submit button.

3. Applicants whose names were considered rejected accounts in the previous batch are for those who already registered or have taken the exam in other divisions either last year or this year.
4. Applicants who have already their results from the exam last year because they have taken the test from other divisions and planning to take the test again to gain better scores and planning to register again are highly discouraged for they will be detected by the system and this will invalidate their scores and results.
5. District Supervisors, elementary and secondary school heads are expected to use all means to inform and communicate all applicants for them to be counted and be part of the Computer-Based English Proficiency Test.
6. Widest dissemination of this memorandum is desired.
