The research congress and convention mainly aims to contribute to the development of pure and applied mathematics as well as mathematics education by bringing together mathematics researchers and educators from all over Central Visayas Region and some other parts of the country. Through this gathering, researchers will become updated with the new trends of research in mathematics and mathematics education leading to quality research and production of publication.

We have invited experts in the different fields of mathematics to be our plenary speakers and there will be parallel sessions to serve as avenue for researchers in pure math, applied math, and math education for presentation of their works.

We have invited the following experts in Mathematics to give plenary talks: **Dr. Jose Ernie Lope** (President, Mathematical Society of the Philippines), **Dr. Hemen Dutta** (Department of Mathematics, Gauhati University, Guwahati, INDIA), **Dr. Jose Maria Escaner** (Institute of Mathematics, University of the Philippines Diliman, Quezon City) and **Dr. Felix Muga II** (School of Science and Engineering, Ateneo de Manila University, Quezon City).
