Schools Division Superintendent, Office of Schools Division Superintendent  
Department of Education, Division of Tagbilaran City

**Maayong buntag, Kadugong Bol-anon!**

The **University of the Philippines Kadugong Bol-anon Diliman (UPKB Diliman)** is the first and only organization of UP students in UP Diliman hailing from the province of Bohol or who are of Bol-anon heritage. Along with upholding our Bol-anon culture, we promote responsibility and service among our members.

In pursuit of our advocacies, we intend to hold our organization's annual University of the Philippines College Admission Test (UPCAT) Review entitled **ANDAM 2023**. The review shall run its course from **January to March 2023**. It intends to help aspiring Bol-anons prepare for UPCAT 2023, the most critical examination faced by young students who dream of going to UP. It shall also serve as a platform for students to discover more about UP and have their inquiries or concerns addressed.

To realize this plan, we humbly request your office to be our partner and endorse our event. Specifically, we hope you can supply us with an endorsement letter that may aid us in acquiring the facilities and utilities necessary for this endeavor. Although the

review shall be held primarily online, we plan to have a face-to-face forum at Tagbilaran City Science High School this January 2023.

The said forum shall discuss UPCAT, UP, and our organization and will serve as an avenue for students and parents to raise their inquiries and concerns. Rest assured, appropriate health policies, such as mask-wearing, shall be implemented for everyone's safety. Moreover, we also hope to conduct school-to-school invitations to raise awareness of our event.

Daghang Salamat!

## **H. INTRODUCTION AND OVERVIEW**

The University of the Philippines Kadugong Bol-anon Diliman (UPKB Diliman), is the first and only organization of UP students in UP Diliman hailing from the province of Bohol and/or who are of Bol-anon heritage. We have also been at the forefront of developing a sense of service and responsibility among our members, as well as promoting the province of Bohol, our people, and our culture through various activities and collaborations with other organizations within and outside the university.

In pursuit of our goals, we plan to conduct a University of the Philippines College Admission Test (UPCAT) Review this academic year to help qualified Boholanos achieve their plan to study in the University of the Philippines, and impart academic information to Boholano students. The UPCAT is an annual and nationwide event hosted by the University of the Philippines to determine students who will qualify for admission in the respective campuses of the UP system. The UPCAT Review is planned to start this January 28, 2023 and will run through the consecutive weekends until the first week of March.

This initiative is appropriately entitled ANDAM, to reflect its goal of preparing students for the most critical exam of UP aspirants. By hosting this project, we hope to give our fellow Bol-anons a level footing with other students who have access to resources that can help them anticipate UPCAT.

## **I. GENERAL OBJECTIVES**

- Development of members and strengthen their sense of service and responsibility through community service.
- Help qualified Boholanos attain their plan to study in the University of the Philippines, as it is in line with the constitution of the organization.
- Impart quality academic information to Boholano students who aspire to study in the University of the Philippines.
- Develop interaction with other UPKB chapters who are willing to aid the UPCAT Review with the mindset that this also helps Boholano students who aspire to enter other campuses of the University of the Philippines, aside from UP Diliman.

## J. METHODOLOGY

The **UP KB ANDAM 2023** shall comprise **one face-to-face forum** and **seven online lectures**. The face-to-face forum will introduce students to UP campuses, UPCAT, and UPKB. It will also be an avenue for them to direct related questions and receive prompt answers.

As for the seven online lectures, the assigned lecturers in every subject will help the participants learn more about the topics often included in the UPCAT Admission Test. Specifically, the lectures will encompass the following subjects:

1. **Language Proficiency**
2. **Biology and Earth Science**
3. **Chemistry**
4. **Physics**
5. **Mathematics**
6. **Reading Comprehension**

The lectures will all be delivered online using Zoom and Google Meet. After this series of discussions, the participants will undergo a final assessment after the seven days of online lectures to test their knowledge and evaluate which areas they need to improve.

Moreover, the organization shall provide an optional reviewer at an affordable price. It shall contain sample exams and short overviews on the different subjects. Participants may use the reviewer to evaluate their skills and knowledge even after the project duration is done.

Registration links for the online lectures, as well as updates, will be released on the **UP Kadugong Bol-anon** official social media account and our official email address. The online lectures are exclusively designed for students who have registered for the **ANDAM UPCAT Review 2023**. The Andam UPCAT Review is also open to those who live outside of Bohol and to anyone interested in joining.

The purchase form for the optional reviewer shall also be released on the UP Kadugong Bol-anon official social media account. It shall be available even to non-attendees of the review.

These are the proposed prices\*\*:

- Registration Fee: Php 150.00
- Optional Reviewer: Php 200.00

*\*\*Subject to change depending on results of material and venue canvassing. The organization shall promptly inform participants of final dues.*
