SUBJECT:

Teacher Support Workshop (Round 4) and Hardware Upgrade for the Edtech Solutions for Last Mile Schools in COVID-19 Project

DATE:

February 3, 2023

1. This memo pertains to the EdTech Solutions for Last Mile Schools (LMSs) in COVID-19, a project assisted by the Asian Development Bank (ADB) through grants. As you may know, the project aims to support the operationalization of the Basic Education- Learning Continuity Plan (BE-LCP) by providing access to
-

facilities and resources that will enable students to continue learning through distance education amidst the COVID-19 pandemic. It also covers the provision of capacity building and learning resources for schools and teachers to aid them in teaching delivery under technology-enabled blended learning modalities.

With the conclusion of the third round of the Teacher Support Workshop series and field visits, the DepEd Central Office and Technical Assistance Team of the project express their gratitude to the four (4) recipient schools division offices (SDOs) namely, Abra, Kalinga, Bohol, and Zamboanga Sibugay and their selected LMSs which actively participated in the said activities.

2. Through this undertaking, teachers and Information and Communications Technology (ICT) Coordinators of the treatment schools were oriented on the different ways to use the tablets and Digitized Learning Materials (DLMs) in face-to-face learning. Moreover, the team was also able to conduct the following activities: discuss other techniques to monitor students' progress in Moodle; administer survey for students; and troubleshoot other relevant educational technology issues that may arise.
3. A number of challenges is observed from the field visits, of which includes the minimal utilization of DLMs due to slow connection and limitation on simultaneous downloading that hinder its integration to face-to-face classes. The intervention composed of WiFi-LAN, router, tablets, and learning management system for the 21 treatment schools is also not sufficiently robust to serve the school communities.
4. With these results of the third round of workshop activities, a next round of support workshops will be initiated in the month of February 2023 in the four (4) sub-pilot schools namely, Supo National High School in Abra, Taloctoc General Comprehensive National High School in Kalinga, Bacalan National High School in Zamboanga Sibugay, and Danahaw Integrated School in Bohol. The activities will focus on installing the upgraded EdTech infrastructure and in providing hands-on training on the new set of hardware and software in order to support the newly identified needs of the project. The main objective of the workshop is to further provide technical knowledge to SDOs and schools through actual hands-on manipulation. This shall equip the ICT coordinators with the technical skills necessary in managing the new set of equipment.
5. The 21 treatment schools will be grouped into three (3) based on their level of readiness in adopting the proposed changes, to wit: (i) WiFi-LAN and server hardware capacity; (ii) ICT Officers capacity and interest in implementing the intervention; and (iii) teachers' interest in implementing the intervention.
6. The expected participants for each workshop are the following:
 - a. SDO Personnel;
 - b. School heads of the identified schools;
 - c. ICT Coordinators of the identified schools; and
 - d. Grade 7-10 English, Mathematics, and Science teachers
7. Attachment 1 details the indicative schedule of activities along with the list of expected participants and reminders for the workshop proper.

8. Attachment 2 details the hardware and software changes needed to address the issues with the original provision under the project, and the recommended changes for each group identified in Item 5.
9. Transportation and incidental costs incurred by the SDO or schools shall be charged against the respective local funds of the SDOs, subject to existing guidelines.
10. For queries or clarification, please contact this Office, Attention: Mr. Jun Rusell Aquino of the Project Management Division at telephone number, (02) 8631-2579, and/or email addresses, pms.pmd@deped.gov.ph and jun.aquino@deped.gov.ph.
11. Thank you very much.
