# INTER-HIGH SCHOOL SCIENCE QUIZ BOWL 2023 CONTEST MECHANICS

### I. General Guidelines

1. The Inter-High School Science Quiz Bowl 2023 is open to all senior high school students in Cebu.
2. Only a single team may represent a school. The participating team shall be composed of only three (3) senior high school students, and a coach from the school to be represented.
3. Teams can register online through: [tinyurl.com/UPECSQBFORM](https://tinyurl.com/UPECSQBFORM)
4. The quiz questions shall cover high school science subjects including Biology (Zoology and Botany), Chemistry, Physics, Geology, and General Science.

### II. Mechanics

1. The quiz bowl will be composed of three rounds, namely Easy, Average, and Difficult with each round having 10 questions. The following scoring system will be adapted:

	Easy	Average	Difficult
Correct	1	3	5
Incorrect	0	0	0
No answer	0	-1	-3

2. A proctor will be assigned to each team. The designated proctors will be providing the materials for these rounds (e.g., whiteboard and marker, illustrations, figures, calculators). The contestants are not allowed to use their own materials.
3. These rounds will be composed of different types of questions such as multiple choice, true or false, identification, problem solving/computation, and illustration/drawing problems. Each question shall be read twice by the quiz master. After the first announcement of a question, the contestants will be given their own copy of the questions by the designated proctor. After the question is repeated, they may write their answers on the boards provided.

For multiple choice questions, the teams must write only the letter of the answer, in UPPERCASE. Proper capitalization and notations should be observed. Misspelled answers are considered incorrect. The contestants are also encouraged to spell out their answers, and avoid writing in acronyms.

4. Different time limits will be given to different questions (i.e., 15 seconds, 30 seconds, 45 seconds, 60 seconds, 90 seconds) which will be decided by the Board of Arbiters. Only answers written in the board will be considered.

The team must hand over their board to their designated proctor after the time limit, otherwise, the team's answer will be considered incorrect.

5. Different colored indicators will be raised to determine whether the team got a correct (green), incorrect (red), or no answer (yellow).
6. Scores for the Easy, Average, and Difficult rounds will be flashed throughout the quiz.
7. Questions and clarifications from the contestants and coaches shall be directed to their respective proctors, who will forward the contention to the quiz masters, then to the Board of Arbiters. The Board of Arbiters will be composed of science instructors from

the University of the Philippines Cebu. The decision made by the Board of Arbiters will be final and irrevocable. Any form of protest after the next question has been flashed/read will no longer be entertained.

8. In case of a tie, the tied teams will undergo a clincher round where questions with randomized difficulty will be given to serve as clincher. The first team to score higher than the other will be declared the winner of the clincher round.
9. The top 3 teams with the highest garnered scores will be awarded as the champion, 1st runner up, and 2nd runner up. Cash prizes will be awarded to the top three teams and certificates will be given to all the contestants and their coaches.
10. The UP Ecological Society has full ownership of all the slides and other material to be shown during the contest. Any form of documentation (photo, audio, video, etc.) of the slides is highly prohibited. Violation of this rule will result to:
  - 1st offense: Calling of the attention of the person/people
  - 2nd offense: Confiscation of the gadget used for documentation/recording
  - 3rd offense: Disqualification of the team from the contest
11. The UP Ecological Society reserves the right to revise the mechanics of the contest. Any revision of the mechanics will be announced prior to the start of the contest proper.

SALUSTIANO T. JIMENEZ ED.D, SD, CBOV  
Director IV, Regional Director  
Department of Education Regional Office  
Region VII, Central Visayas  
Sudlon, Cebu City, 6000 Cebu

Greetings!

The **University of the Philippines Ecological Society (UPECS)** is a program-based organization of BS Biology students. After more than two years in the pandemic, UPECS is finally holding its first in-person week-long celebration of the **BIOWEEK** with a theme of **"HERITAGE: Urgency in Pursuing Environmental Conservation and Sustainability"** this coming **March 20-24, 2023**. This is a series of activities towards the awareness, appreciation and development of science and its increasing role in studying society and most especially the climate crisis.

One of the highlights of the week-long celebration is the **Inter-High School Quiz Bowl**, which is open to all high schools within the city and province of Cebu. The said event will be held on **March 22, 2023 (Wednesday)**, at the Performing Arts Hall in UP Cebu. We are inviting schools to send participants. Each school is entitled to send in **three (3)** contestants to constitute the school's team.

In line with this, we would like to ask your endorsement to invite representatives from each secondary school to participate in the said Quiz Bowl.

Attached herewith are the contest mechanics, Registration is until **March 18, 2023**, and inquiries may be sent through the following contact details:

09286339772 (Stiffy Angeleene Arcs)  
E-mail address upecsociety@gmail.com

Thank you and we are looking forward to your support.

Kind regards,

**University of the Philippines Ecological Society**  
University of the Philippines Cebu  
Gorordo Ave., Lahug, Cebu City  
6000 Philippines
