Dear Sir,

This is a follow-up email on the Letter of Intent (LOI) submitted on November 24th, 2022 on our desire to share Health Awareness to all Public Schools in Cebu City.

We already have done our rounds to all 83 Barangays with Day Care Centers in Cebu City. The feedback was awe inspiring from teachers and parents giving us the aspirations to spread it to all Public Schools as well.

What we do is visit the rooms and give them 5 to 10 mins discussion on Health Awareness. Hope you can give us the same opportunity.

Thank you and God Bless.

Sincerely,  
Concepcion L. Tiro  
COO- Ikiru Wellness Hub

**For Health Awareness Campaign and Livelihood Program**

Dear Salustiano T. Jimenez

Hope this letter finds you well!

Ikiru Waters is an advocacy that is in to promoting health and wellness education. We look into the welfare of your staff and students. Our enthusiasm to share the goodness of drinking the living water is shown in the availability of the Ikiru Products in every classroom.

Our products are all safe to consume and use. We have the Ikiru Water, a 500ml water bottle that went through a thorough process in removing unwanted particles through microfiltration then enhancing the minerals in the water in order for the body to gain its natural pH balance. Another product, the Ikiru Mist, a 60ml and 250 ml spray that helps us with our daily fight in getting rid of the bacteria around us.

If possible, we can come to you so we can do a product orientation. We will only require 15 to 20 minutes of your time and it would also be productive if some or all Teachers can come during the orientation. Thank you and have a blessed day!

Sincerely,

**ALMA L. DEL MAR**
