Dear Madam.

It is our prayer that this letter finds you well.

Before we will continue, on behalf of the Philippine Values Education Program Inc. we would like to express our deep gratitude to all the favorable support for the teaching of Christian values to our students in the schools over the years here in our region. We are so grateful to all the DepEd personnel and all that you do to uphold the virtues that is right for our students.

We apologize that due to the pandemic our program did limited activities to help our students when they needed the encouragement and support the most. Our program has been badly affected like the other programs, but we did not stop. The pandemic surely lessened all our activities especially the teaching of Christian values to our students and it really broke our hearts when we heard and saw many students who went through hard times during this pandemic. Our program tried its best to help as much as we could like; tutoring some students, meeting them in small groups and encouraging them when we could. We also conducted feeding programs, and some are still ongoing. We also reached some students through cellular phone calls, text messages, messenger, video chat and even two-way radio in some areas. Through these activities, we were able to help but we cannot deny the terrible effects of this pandemic to many of our students especially to those who lost their hope, courage and especially those who lost their loved ones.

The damaging effects of this pandemic fumed our passion and love to keep reaching out to our students through the teaching of Christian values. It is the opportunity for them to learn to keep hope in their hearts even in hopeless situations, and that they can love the unlovable, to keep forgiving others even those whom they think don't deserve it and that they can forgive and believe in themselves that they can be successful if they can just hold on.

In this regard, we are asking you Madam to please give us **permission to continue** to teach Christian values to our students whether modular or face to face. **We want to commit** to help our students mold them emotionally, mentally and spiritually **in the way they should go** and that when they are adults they will not depart from it.

Thank you for your favorable action for this request.

Sincerely,

LEO P. PIZANA
