Vision: A premier Science and Technology university for the formation of world class and virtuous human resource for sustainable development in Bohol and the country.

Mission: BISU is committed to provide quality higher education in the arts and sciences, as well as in the professional and technological fields; undertake research and development and extension services for the sustainable development of Bohol and the country.

November 11, 2023

EVANGEL M. LUMINARIAS, EdD CESO V
Schools Division Superintendent
Division of Bohol
Tagbilaran City

Dear Dr. Luminarias:

Greetings of peace and academic solidarity!

As the sole state university in the island, Bohol Island State University (BISU) aims to accommodate and educate deserving students who wish to pursue a collegiate level education for intellectual growth and the development of lifelong skills. With its six satellite campuses offering various programs that respond to the needs of the local and global community, students have various courses to choose from and a significant opportunity to become one of the "Iskolars ng Bayan."

In this regard, we are excited to announce that BISU is **now accepting** applications from incoming first-year students for the academic year 2024-2025. Therefore, we aim to ensure that this opportunity reaches as many deserving students as possible.

With this in mind, we request support and assistance from your office to help us disseminate this information to the different Senior High Schools under your jurisdiction, particularly those located in distant areas.

The admission application period will be open until December 15, 2023. Applications should be submitted through the admission portal: admission.bisu.edu.ph. Once the admission application is approved, the applicant will be scheduled for an entrance examination.

We are hopeful for a positive response and support from your office for the benefit of all our students. Should you wish to communicate with us, please feel free to contact us through admission.main@bisu.edu.ph.

Attached to this letter are lists of admission requirements and the programs offered at BISU.

Thank you very much for your assistance and support.

Respectfully yours,

JOCEL U. VALLENTE, MA
Director, Admission and Scholarship
Bohol Island State University

WELCOME TO BISU!

VISION

A premier Science and Technology university for the formation of world class and virtuous human resource for sustainable development in Bohol and the Country.

MISSION

BISU is committed to provide quality higher education in the arts and sciences, as well as in the professional and technological fields; undertake research and development and extension services for the sustainable development of Bohol and the country.

GOALS

To deliver its mandate, BISU is directing all its efforts towards excellence guided by its foresight. To address the needs of the strategic sectors, BISU shall:

- Pursue faculty and education excellence and strengthen the current viable curricular programs and develop curricular programs that are responsive to the demands of the times both in the industry and the environment;
- Promote quality research outputs that respond to the needs of the local and national communities;
- Develop Communities through Responsive Extension Programs;
- Adopt Efficient and Profitable Income Generating Projects/Enterprise for Self-Sustainability;
- Provide adequate, state-of-the-art and accessible infrastructure support facilities for quality education;
- Promote efficient and effective good governance supportive of high quality education.

QUALITY POLICY

BISU, a premier science and technology university, commits to provide quality instruction, responsive research, sustainable extension programs, and viable production projects in adherence to applicable statutory and regulatory requirements.

To achieve these, we commit to:

1. Deliver quality higher and advanced education, professional and technological instruction, by developing and strengthening curricular programs that are responsive to the demands of the times;
2. Conduct value-adding researches and implement adaptive extension programs that respond to the needs of the communities;
3. Engage in profitable enterprises of self-sustainability;
4. Provide state-of-the-art and accessible infrastructure support facilities;
5. Offer engaging and meaningful student support services; and
6. Implement efficient and effective administration while continually improving its Quality Management System.
