Sir:

Good day!

Pilipinas RoboSports Tournament (PRST) is an exciting national robotics competition that uniquely combines the world of **robotics with sports disciplines** like hockey, sumo, and racing with the inclusion of **research and innovation**. The primary goal of PRST is **to promote Science, Technology, Engineering, Arts, and Mathematics (STEAM)** among robotics enthusiasts of all ages. It is also a perfect avenue for learners and their coaches to test their robot designing, building and programming skills. PRST 2025 promises an exhilarating experience for participants and spectators alike. Through this innovative fusion of technology and athleticism, our team aims to inspire creativity, teamwork, and problem-solving skills within the robotics community.

On 2025, PRST will be composed of four national robotics competitions, namely: De La Salle Medical and Health Sciences Institute (DLSMHSI) RoboSports Tournament, Robotics Summer Cup, RoboSports Carnival, and RoboQuest.

In line with this, we are inviting the student roboticists and coaches from your institution to join the DLSMHSI RoboSports Tournament which will be held at the Animo Center of De La Salle Medical and Health Sciences Institute in Dasmariñas City, Cavite on March 1 and 2, 2025.

This event is a perfect avenue for them to showcase their talents in the field of Science, Technology, Engineering and Mathematics (STEM) particularly in Robotics and Research.

To know more about the event, visit the Facebook page: **Pilipinas RoboSports Tournament** or email us at rstopinas@gmail.com. To avoid disruption of classes, DepEd Order no. 24, s. 2022 and DepEd OASGFO Memorandum no. 2022-058 were considered in selecting the dates for the activity, which will fall on weekends.

Thank you and God bless!

Sincerely,

PILIPINAS ROBOSPORTS TOURNAMENT OFFICIALS
