DR. SALUSTIANO T. JIMENEZ

Regional Director

Department of Education - Region 7

Dear Dr. Jimenez:

Greetings from the Science Clubbing Movement!

For over 54 years, the **Pambansang Kapisanan ng mga Kabataan Samahan na Agham (PSYSC), Inc.**, the first and largest umbrella organization for science clubs in the Philippines, has been continuously working in delivering quality programs and activities to elementary and high school science enthusiasts across the nation to promote the core thrust of the organization, the *public understanding of science, technology and environment (PUSTE)*.

This year, PSYSC is proud to conduct the **2025 National Youth Science, Technology and Environment Summer Camp (NYSTESC)**, to be held this **July 2025** in Luzon. This event is an annual four-day event consisting of a lecture series by distinguished experts on a selected field in Science and Technology, interactive workshops for hands-on learning, exposure trips, and other fun-filled activities. The event is open to **Senior High School and Junior High School Students, teachers, science club advisers, and coaches nationwide**. Other specific details are to be announced through our official social media channels and through email.

NYSTESC is an event designed to give participants a thorough understanding of a selected field of science. The event features a series of lectures from distinguished experts, interactive workshops tailored to various learning styles, and opportunities for field-based learning. Through these activities, the event aims to promote the participants' interest in the chosen scientific field, inspiring them to explore career paths and opportunities in its multidisciplinary areas. Furthermore, the event fosters passion for STEM and encourages camaraderie among science clubbers from diverse cultures, helping to cultivate leadership skills and teamwork.

In line with this, we humbly request your support by issuing a **Regional DepEd Advisory** to further disseminate the event invitation to Junior High School and Senior High School students across the region. We believe that your endorsement will significantly expand the reach of NYSTESC, especially to the Filipino youth we serve. As part of the science clubbing movement, NYSTESC offers an inclusive platform that helps young minds grow, encouraging them to work together and use their creativity to make a positive impact on society.

PSYSCTM

SUBJECT: **2025 NATIONAL YOUTH SCIENCE, TECHNOLOGY, AND ENVIRONMENT SUMMER CAMP (NYSTESC) OF THE PHILIPPINE SOCIETY OF YOUTH SCIENCE CLUBS INC.**

TO: **Regional Directors
School Division/City Superintendents
Heads, Public and Private Secondary Schools**

- I. **Pambansang Kapisanan ng mga Kabataan Samahan ng Agham (Philippine Society of Youth Science Clubs or PSYSC), Inc.** is a national organization that promotes the public understanding of science, technology and environment (PUSTE). It supports science and technology education through healthy competitions, lectures, seminars and interactive workshops for students and teachers alike.
- II. To accomplish its objectives, PSYSC is holding the **2025 National Youth Science, Technology, And Environment Summer Camp (NYSTESC)**, an annual four-day event consisting of a lecture series by distinguished experts on a selected field in Science and Technology, interactive workshops for hands-on learning, exposure trips, and other fun-filled activities. This year, the topic for NYSTESC 2025 is **Forensic Science**.
- III. The 2025 NYSTESC celebration aims to:
 - A. Provide a thorough understanding of the concepts and impact of a selected ST&E topic and its multi-disciplinary fields through interaction with experts in the field;
 - B. Promote interest and awareness among the participants on the selected ST&E field and encourage them to acquire further knowledge in such field;
 - C. Encourage the participants to pursue opportunities in the selected ST&E field, in the future;
 - D. Provide a venue for the exchange of ideas and promote camaraderie among elementary science club members nationwide; and
 - E. Encourage more students to join science clubs and to be involved in the science clubbing movement.
- IV. The theme, dates and venue for the 2025 NYSTESC are as follows:

Theme:	CASE 025: Investigating the Veils of Deception
Dates:	July 2025 (official dates to be announced)
Venue:	Luzon (official venue to be announced)

- V. The target participants for the 2025 NYSTESC are junior and senior high school students, advisers, teachers, and coaches from both public and private schools nationwide. Registration for NYSTESC requires science clubs or schools to fill out and submit the necessary forms to the NYSTESC email address: nystesc@psysc.org.
- VI. Details on how to join the event, including registration fees, complete guidelines for contests, deadlines and important announcements can be found in our event primer available on NYSTESC's official Facebook Page (www.facebook.com/psysc.nystesc).
- VII. More information may be inquired from the following:
