Dear **Superintendent Laurez:**

Greetings!

The Provincial Government of Bohol, through the Provincial Health Office in collaboration with the iHelpFriendship organization, is dedicated to addressing critical public health concerns affecting our youths. In line with this commitment, we are organizing a crucial one-day seminar focused on **Teenage Pregnancy and Suicidal Awareness and Prevention on November 7, 2025, at Reyna's The Haven, Calceta Street, Cogon, Tagbilaran City, Bohol.**

This initiative is particularly important as high school students face increasing pressures related to their physical and mental well-being. Equipping school representatives with up-to-date knowledge on these sensitive issues is paramount. The program is specifically designed to provide participants with the necessary tools and information to effectively cascade prevention campuses, thereby fostering a safer and more supportive learning environment across the province.

In this connection, may we respectfully request the participation of **forty-eight (48) representatives** from various schools in each municipality within the province to the above-mentioned activity. We are specifically looking for school Guidance Counselors or any designated school representative capable of relaying and implementing the information and strategies gained from the seminar back to the student body. Further, to ensure focused participation, please be informed that lunch and snacks will be provided to all attendees during the event.

For any immediate inquires or clarifications regarding the seminar, please feel free to contact **Ms. Estella Marie Angalot, RN**, at her mobile number 09772883172.

We sincerely look forward to your positive response and strong support for this endeavor, which is essential to the welfare of our high school students.

Thank you very much.

Very truly yours,
