Sir:

Good day!

Pilipinas RoboSports Tournament (PRST) is an exciting **national robotics competition** that uniquely combines the world of robotics with sports disciplines like hockey, sumo, and racing. The primary goal of PRST is **to promote Science, Technology, Engineering, Arts, and Mathematics (STEAM) among robotics enthusiasts of all ages**. It is also a perfect avenue for learners and their coaches to test their robot designing, building and programming skills. PRST 2026 promises an exhilarating experience for participants and spectators alike. Through this innovative fusion of technology and athleticism, our team **aims to inspire creativity, teamwork, and problem-solving skills within the robotics community**.

In line with this, we are inviting the student roboticists and coaches from your institution to join the following events scheduled this year:
